**Product Name:** 12' Loose Frame Expansion/Contraction Basket (#8000, #8006, & #8015)

**Manufacturer:** ERECT-A-LINE

**Product Description:** 12' Loose Frame Baskets are pre-formed baskets made to support dowels at half the paving height. Loose Frame Baskets can be used as a contraction or an expansion basket. The actual length of the basket is 11' 6" (12' billable basket). Baskets are adaptable for multiple paving heights.

**Composition and Materials:** Loose Frame Baskets are fabricated from .177ga wire with dowel spacing at 12" centers (12 dowel slots per basket). Loose Frame Baskets support up to 1-1/8" dowels. The center expansion is formed to hold 3/4" board. Made in USA

**Sizes Available:** Loose Frame Baskets are available in multiple paving heights. Baskets can also be custom made for specific paving heights.

- #8000 12' Loose Frame Expansion/Contraction Basket for 6"-8" Paving
- #8006 12' Loose Frame Expansion/Contraction Basket for 8"-10" Paving
- #8015 12' Loose Frame Expansion/Contraction Basket for 10"-12" Paving
